About the Lecturer

Krzysztof Czuj was born in Warsaw in 1961. He received his secondary and higher education at schools in Warsaw and Rzeszów, training for qualifications to work in civil aviation. At the same time he undertook vocational training at the Warsaw Aero Club (Aeroklub Warszawski), where he learned the basics of air sports such as gliding and parachuting. He continued his specialized education at the Aviation Personnel Training Center (Ośrodek Szkolenia Personelu Lotniczego) in Rzeszów. He began his career at the Institute of Aviation (Instytut Lotnictwa) in Warsaw and at the Air Traffic and Civil Airports Administration (Zarząd Ruchu Lotniczego i Lotnisk Komunikacyjnych). In 1989 he left for the USA and settled permanently with his family in New Jersey. His active work is aimed at countering attempts to portray in a negative light, and to discredit, the good name and reputation of the Republic of Poland and the successes of its arms. He takes part in many Polonia gatherings as a member of a reenactment group.
